

EVV & ME

“I am a Care Provider”

Electronic Visit Verification (EVV) is a telephone and computer-based system that records information about home-based care visits for those on Medicaid.

READ ON TO LEARN IF YOU MUST USE EVV

DO I NEED TO USE EVV?

You must use EVV if you provide services in these programs

- ◆ Children’s Personal Care
- ◆ Choices for Care
- ◆ Attendant Services
- ◆ Brain Injury

WHEN IS EVV NOT NEEDED?

EVV is not required when services are provided entirely outside the home or when you live in the home with the person receiving your care.

HOW WILL I USE EVV?

You can use an app to record the time you start and end a visit. The EVV app is available free of charge and can be downloaded to a smartphone or tablet. The app can record a visit even without a cell or Wi-Fi signal.

If you don’t have a smart device, you can use your care recipient’s landline phone to call a toll-free number to record the start and end of each individual visit.

STEP 1 >

ON-DEMAND TRAINING

Learn at your own pace. You have access to an Online Video Library with recorded webinars and how-to videos, user manuals and easy to follow quick reference guides. Visit www.arissolutions.org and select the EVV Icon.

STEP 2 >

DOWNLOAD THE SMC APP

The EVV app is available free of charge and can be downloaded to a smartphone or tablet. You can also use your client's landline to record your visit.

STEP 3 >

START USING EVV

Use EVV to record your home-based visits. You can also choose to use EVV to record all of your visits, even those that occur entirely in the community. If you need any help using EVV, please contact us today.

E-mail EVV@arissolutions.org or call (800) 798-1658.

STEP 4 >

ENROLL IN E-TIMESHEETS

EVV visit data automatically feeds into the E-TimeSheet Portal. Using EVV will save you time doing payroll

Contact us TODAY to enroll in E-TimeSheet Portal.

(You can continue to use paper timesheets if you prefer.)
